

After the innovation workshop (SDG Olympiad), Tsinghua SIGS has organized international students of Global Summer School to visit the Huangqiangbei Museum and Dapeng District of Shenzhen during the weekend.

On July 1, 2024, Tsinghua Open FIESTA organized a unique and enlightening field trip for international students. 15 international students from around the globe visited ChaiHuo Makerspace, Shenzhen X-Institute, and Shenzhen Inno-X gaining insights into the latest advancements in China's maker culture, innovative education, and technology education.

Chaihuo Makerspace

X-Institute

Inno-X

The visit allowed students to immerse themselves in hands-on experiences and learn about the innovative spirit and practical skills fostered in Shenzhen. Through interactive sessions at the maker space, and experiencing the innovative prototypes and projects, students were able to appreciate the charm of China's innovative community in Shenzhen.

On Tuesday, students visited Taiyong King Ancient Temple and MIXC WORLD for sightseeing and shopping.
